

Calibrators Mart Ltd., operating through <http://www.calibratorsmart.com>, with tagline "Smart Calibrators priced low", is an online web store that specializes in selling Calibration Equipments (Temperature, Pressure, Signal & Multifunction Process Calibrators), Calibration Hand Pumps, Temperature Sensors, Digital Multimeters, Function Generators, Frequency Counters, Indoor Air Quality Meters & Thermo Anemometers (more products are being added).

The products are priced competitively & readily available to be shipped Internationally from Pennsylvania, USA. All the products are duly tested, supplied with one year manufacturer warranty & standard calibration / conformance certificate – NIST Traceable certificate from an ISO17025 accredited laboratory also available (for an additional premium) on selected products.

Temperature Calibrators [Several Models, Ranges & Accuracies from Sub Zero up to 1200°C / 2192°F]

Pressure Calibrators & Indicators [Several Models, Ranges & Accuracies from vac. up to 1000 bar (15000 psi)]

Calibration Hand Pumps (Pneumatic & Hydraulic) [Pressure Source for variety of Pressure Measuring / Indicating Instruments]

Signal & Multifunction Calibrators [Several Models, Ranges & Accuracies for Measurement & Simulation of RTDs, Thermocouples, Current, Voltage, Resistance, Frequency, Pulse etc.]

Thermo Anemometers (Hot Wire & Vane Type) & Indoor Air Quality Meters

Digital Multimeters, Frequency Counters & Function Generators

Temperature Sensors [Thermocouple & RTD Sensors with Thermowell (Fabricated / Bar Stock Type), available standard 4", 8" & 12" Immersion Length with variety of Threaded Process Connections - 1/2" M (BSP/NPT) / 3/4" M (BSP/NPT) to suit.]
